ABOUT US

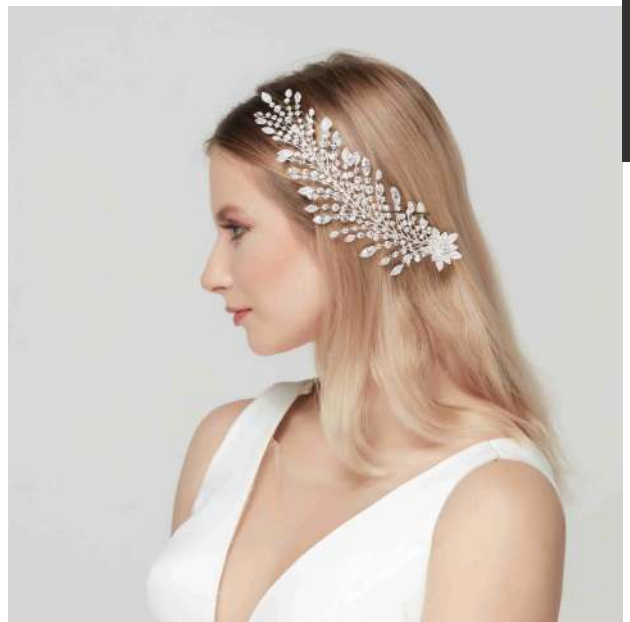

MK MODA ATELIER started its business life with the production of bridal accessories in 1996 and gained an important place in the sector in a short time with its original design products. MK MODA which closely follows the ever-changing fashion trends in the world and continues its development, exports its products to nearly 60 countries, initially to Europe and the USA. Acting with the understanding of solution partnership in customer relations, our company makes special productions for leading companies in their sector at home and abroad.

Our company, which continues its investments with more than 20 years of experience in the sector, has expanded its production infrastructure with a new factory investment of approximately 10.000 m². MK MODA, believing that investments to be made in every field, strengthened its production, design and other departments with professional staff and continues to work to offer better products to its customers.
